

# IONS-5

IONS is the International OSA Network of Students, connecting optics and photonics students from all over the world by providing a platform to meet, network, collaborate and exchange ideas on student activities and their respective outreach programmes in an informal atmosphere. IONS-5 is the latest of the IONS conferences, to be held in Barcelona.

19 - 21, FEBRUARY 2009

## The Conference in Barcelona. By Students. For Students

**ICFO**  
[Barcelona]
